

Indoor Shooting Guidance 2026-2027

We wish all archers to be able to make the most of the relatively short time-frame we have available in which to shoot indoors.

Please note the following guidance:

1. Please assist in setting up the Range at the start of the session **before** assembling your own equipment.
2. At the end of the session please assist in returning all the Range equipment to the Container **before** packing away your own equipment.
3. Please restrict yourself to 3 arrows per end unless the specified round requires more OR if you are the only archer on your target face and 2 details are shooting. Please do not hold up shooting.
4. Please ensure arrows are scored and pulled as soon as possible and you return to the Waiting Line without undue delay.
5. All shooting is under the control of the Field Captain
6. Please **DO NOT** enter or leave the Sports Hall whilst the Range is Live.
7. Normal Range Safety Rules apply - in the event of a safety concern shout "**FAST**" - do not assume it is someone else's responsibility
8. Mobile phones should be turned off or to silent
9. Please submit scoresheets promptly at the end of the session. **Scoreboards** should be returned to the storage box.
10. All scored rounds - 6 sighters (2 ends) maximum - not an hour of practice beforehand!
